Address: Lotyšská 24, 821 06 Bratislava, Slovakia

Date of birth: 23.12.1996

ORCID ID: 0009-0008-7366-1199

ABOUT ME

I am a dedicated PhD candidate in Organic Chemistry with a passion for research and innovation. I am seeking to leverage my advanced knowledge and laboratory skills in organic synthesis and spectroscopy to contribute to groundbreaking research initiatives.

EXPERIENCE

Visiting Researcher (*University of Zurich, Switzerland*) 03/2023 - 05/2023

- Collaborated with Dr. Peter Štacko and his research team at the Department of Chemistry UZH, contributing to ongoing projects focused on the synthesis, spectroscopic analysis, and biological testing of fluorescent probes.

Scientific Laboratory Technician (*Comenius University, Slovakia*) 03/2022 – 08/2022

- Designed, executed, and analyzed experiments following established protocols.
- Documented experimental procedures, observations, and results accurately and comprehensively in laboratory notebooks.

EDUCATION

Doctor of Philosophy (*Comenius University, Faculty of Natural Sciences, Slovakia*) 09/2022 - currently

- Organic chemistry

Master of Science (*Comenius University, Faculty of Natural Sciences, Slovakia*) 09/2020 – 06/2022

- Organic and bioorganic chemistry, graduated with honours

Bachelor of Science (*Comenius University, Faculty of Natural Sciences, Slovakia*) 09/2017 – 08/2020

- Chemistry

ADDITIONAL EXPERIENCE

- Member of the Slovak Chemistry olympiad committee
- Organizer of CHEMoUK (chemistry competition for high school students)

LANGUAGE

- Slovak – native
- English – upper intermediate
- French – beginner
